

MASTER Molecular and Developmental Stem Cell Biology Admission Prerequisites Form for Master's Thesis applications

Name:

Enrollment No. (Matrikel):

Module XI must be registered in the examination office before starting the practical.

Module XI: The module "Lab Bench Project and Grant Writing"

consists of the lecture "Advances in Stem Cell Research" (2 CP), a seminar and laboratory work (14 CP). The students will be enabled to plan, perform and interpret lab experiments choosing from a range of particular methods to solve a particular scientific question. They will also be able to design a research proposal for a suitable funding source.

All data must be typed

Title of the Lab Bench Project

.....
.....

Supervisor of the Lab Bench Project and Grant Writing (first name and family name, University):

.....

Signature of the Supervisor:

I am willing to supervise Mr/Ms

I understand that this practical work may be leading to a master thesis, but it may also be independent of the master thesis. During the lab bench project I will decide, whether I will continue supervision regarding the master thesis.

Date and Signature of the Supervisor:.....

Fixed time of Lab Bench Project (min. 6 weeks, max. 12 weeks):

Beginning of the lab bench project:.....

Date and Signature of the Supervisor:.....

End of lab bench project:.....

(End of lab bench project is the submission of the uncorrected Grant Writing)

Date and Signature of the Supervisor:.....

Marking the Lab Bench Project:

I hereby confirm, that the specialization to the topic

.....

was completed with the grade

Date and Signature of the Supervisor:

Confirmation of **participation in “Advanced in stem cell research”**

Date and Signature of the supervisor of “Advanced in stem cell research”:

.....

This is to confirm **permission to start work on a Master’s Thesis.**

Date and Signature of the chairwoman of examination board (Prof. Dr. B. Brand-Saberi):

.....

Start work Master Thesis

I am aware that I must begin the Master Thesis must at least 4 weeks after ending the lab bench project. I will submit the application for master thesis during this time.

Date and signature of the ISTEM student
